Oklahoma's Youngest City Boomers, Who Didn't Get a Permit to Parade

H. O. M'CLURE, President. W. E. ROHDE, Mayor.

OKLAHOMITES LIKE OUR TOWN. **ALL BUT MAYOR**

Boomers of Youngest City Use Language Instead of Parading.

corridors of the Hotel Astor. Many the asterisk were spoken regarding Mayor McClellan. Natural gas only costs two cents a thousand in Tulsa. to and fro that three days to Mayor McClellan, saying they would Mke very much to call on him and also asking for a permit to parade

didn't hear from the Mayor or his of-Hence no parade, with the Tulsa brass band of forty pieces at the head of the procession. Hence the heated conver-sation of Oklahoma's chosen 113, But to-night there will be doings. In

Creeks, the Delaware and the big Cher okee, are going down to Daly's to see Clyde Fitch's new show, "Girls," and to cheer one of the members of the cast, Miss Ruth Maycliffe, the first white child born in Oklahoma-and she's only nineteen at that. It is opined that there will be doings when Miss Maycliffe makes her first entrance.

At 3 o'clock to-morrow morning the visitors from the erstwhile wild and woolly, but now curried and marcelled West, will leave for Philadelphia, where they will spend two days sight-sleeping. They say they like everything about our town except our Mayor, yet frankness compells them to say New York is not in the same class with Tulsa.

Real Swell Dressers.

The delegation doesn't wear red shirts or cowboy shats, either. They run to spats and waistcoats rather. Some of the waistcoats look like maps of Tulsa done up in squares. The delegation is all there on the lid part, too. Toppers and nothing less suit them. Take it long and large, the swellest minstrel parade of the biggest "aggregation" that ever struck Guthrie has nothing on the booming 113 when it comes down to the clothes thing. Each of the party carries a bank roll big enough to stop a leak in a busted ocean liner, and they can spend it, too.

They are all members of the Com-mercial Club of Tulsa, and the party carries along Mayor Robie, D. L. Sleeper, Carl C. Mayo and George Bullette, the millionaire Cherokee Indian. so you see this is no sixty-foot-top onering outfit, but the real thing, with The special on which the Tulsans trav-

el is made up of five Pullmans with display car check full of samples of oil, coal, cotton and corn. It is not true that one car has a map of Tulsa painted on the side, but they are thinking of it. The Tulsans say they have nothing to sell, but are glad to show goods and invite Easterners to drop out West and look them over.

Talk in Big Figures.

Mayor Robie talks in nothing but figures. Tulsa, he says, has 1,700 people and no race suicide. There are 180,000 barrels of oil a day taken from an adjacent oil pool. Then there is a natural gas field producing 200,000,000 feet of gas daily and a 70,000 acre coal field. If this doesn't interest the native he can take an axe and go out into 60,000,000 feet of cottonwood, 2,000,000 of walnut and millions of feet of other tall and uncut and exercise for profit.

The only thing they haven't got in Tulsa is prohibition, and some of the delegates are for it and others not; but,

Suits, Dresses, Coats and Waists

F these garments had only their unusual beauty of style to recommend them, we shouldn't have more to say than has any other good store. The difference is—while they are endowed with all the touches of unique style which every woman, even the most critical, admires-they cost less than ready-to-wear apparel of an average character seen elsewhere. Seeing the garments themselves will make our point:

Tailored Suits; many new models—each with unusual style and tone—in a broad assortment of materials and colorings. Our prices average ten to fifteen dollars less than can be quoted for suits of the same character at other good stores: Suits regularly 35.00 and 40.00 . . at 25 00

CURES

The aches and pains of Rheumatism are only symptoms which may be scattered or relieved with liniments, plasters, blisters, etc., or quieted with opiates. As soon, however, as the treatment is left off or there is any exposure to dampness or cold, or an attack of indigestion, or other phys ical irregularity, the aggravating pains, swollen joints and tender places on the flesh return, and the sufferer finds that he has merely checked the symptoms, while the real cause remained in the blood. Rheumatism is due to a too acid condition of the blood, brought on by indigestion, chronic constipation, weak kidneys, and a general sluggish condition of the system. This acid circulating in the blood produces the pains, aches, and other disagreeable symptoms of Rheumatism. S. S. S., a purely vegetable remedy, cures Rheumatism by going down into the circulation and driving out the cause and making this life-stream pure, rich and healthy. When the blood has been cleansed of the irritating, pain-producing acids by S. S. S., the pains and aches cease, the muscles become soft and pliable, the health is built up, and Rheumatism completely and permanently cured.
